Dear Mr. Barrett

Thank you for your check
to balance enclosed invoice. The globular
stater you have kept is of Boiens but
as long as the pruntance has been
made let it go at ⁴7⁵⁰.

The two medals are later casts from
early Italian pieces and as such
worth very little. I have marked
them with names and will return
in next package to you.

Yours very truly
Wayte Raymond.

Dear Mr. Garrett

I have been carefully over the bids we figured yesterday and they seem to me both intelligent and fair. I am enclosing a memo of the bids as I marked them in my catalogue with notes. Please return the long sheets.

I am sending you the Carthage dekadrachm and Maronea stater. I have figured my cost very carefully on the Carthage and will sell it for \$850. I think the obverse is much sharper than the Brunt one, also the pedigree is superior.

Will you please answer in regard to bids to-morrow and send special delivery so I will surely receive on Thursday.

Yours very truly
Wayte Raymond.

Dear Mr. Barrett

Thank you for your favor
enclosing check for enclosed bills.
In regard to the Carinus, this piece
comes to me at about \$190. Whether
or not I can get any reduction on it
I do not know but if you wish it
at that price will let you have it.
These sort of pieces seem to have gone
up a great deal lately, particularly
when in superb condition.

NUMISMATIC BOOKS

Jan. 15, 1923.

Dear Mr. Barrett

I am sending you by express
six coins as per enclosed statement.

The double zecchino of Paul III is generally
attributed to Cellini as he was master of
the mint at the time it was made. Martuori
in his recent work on the coins of the
Popes is inclined however to attribute
it to Leone Leoni. Be that as it may all
writers concede it to be the most im-
portant and finest portrait coin of the
period. It is one of the rarest and most
sought after of all Italian coins.

The marriage thaler of Maximilian and
Mary of Burgundy is also an excessive
rarity with the head of Mary in native
headdress. In ordinary times this coin
commands a very high price in Austria.

It must not be confused with the common variety which has the head of Mary with flowing hair (worth 75⁰⁰ to 100⁰⁰)

I have just received a catalogue from Haffner in Cambridge. They offer the Lane-Poole "Mohammadan Dynasties" for £2.5. Would you care to pay that much for it? if so let me know and I will order for you.

Dear Mr. Garrett

I have just heard from my friend in England in regard to his Irish Coins. There are 270 pieces mostly all in the finest condition including rare gun money patterns in silver, Luchiquin And Ormonde siege coins and various patterns and proofs. The price to you would be about \$1000. If you did not like them on their arrival here you would be under no obligations to keep them as I could easily sell them piece meal. Expect to hear later about his Scotch and English.

RARE COINS AND MEDALS

NUMISMATIC BOOKS

Jan. 26, 1923.

Dear Mr. Garrett

Your favor of the 25th inst. rec'd.
I sent you the Papal piece and the Austrian
thaler on the chance that they might interest
you. The portrait coin of Paul III is such
an important contribution to art in
numismatics that it is well worth having.
I also have a beautiful specimen of the
2½ zecchini piece of Leo X with the three
magi on the reverse. This coin was struck
in 1513 to commemorate the visit to Rome
of the ambassadors from Portugal, bearing
gifts from the Congo. Think you will find
it illustrated in Engel et Serrure.

Please excuse my oversight in not
returning the two medals before, they
are enclosed in a package sent you
to-day. If I can secure any reduction
on the aureus will advise you.

In the package sent you to-day are a number of most interesting barbaric pieces the pick of a large collection also two very remarkable bracteates. The very fine and excessively rare Papal coin is described by Pronis, *Monete dei Rom. Pontifici* Pl. X. 1. and attributed by him to Leo VIII. This coin however is from a find of coins on the Rhine some years ago which date much earlier and would therefore bring it under the reign of Leo III. Ciniagli does not describe it nor does Serafini in his exhaustive catalogue of the collection in the Vatican.

Am ordering the book from Steffer to-day. Also enclose copy of rough list sent me of collection of Irish coins. Can secure them for you at £210. and think them well worth buying.

Yours very truly
Walter Raymond.

P.S. You might send me a memo of the rarities in Colonials you will have in duplicate. ie. - pieces worth more than \$200. - Think it would be well to try and clear these first and take up the more moderate priced items later.

Would it be too much trouble to have a copy of the catalogue of Colonial + Territorial gold made for me in a loose leaf book? Think it would be of material assistance.

I have checked over the coins left with me and find that you did not leave the cards for three coins. The half dollar I remembered the price of but the two Pine Tree coins you will have to advise me on. A complete statement of all the coins will be sent you during the week.

There were a number of cheap pieces that it seemed hardly worth while to put on a consignment list so I have taken them over, also a few sold yesterday. They all amount to \$183.25 less 10% \$164.93 for which I enclose my check. The cards go under separate cover.

Mr. Wayte Raymond,
489 Park Ave.,
New York, N. Y.

Dear Mr. Raymond:-

I have received your check for \$1030.50. I believe I have already acknowledged receipt of the previous checks (\$164.93; 519.85 less \$35.00; \$4608.90; \$1030.50). I am very much obliged to you for handling these coins so promptly and I hope you will be able to dispose of all the others equally to my satisfaction.

I am sending you today by registered post the duplicates of the New Jersey cents for which I enclose herewith the cards. Although there were very few in Mr. Ellsworth's collection, his specimens were for the most part in very fine shape and I have kept the majority of them and put in my duplicates in their place for sale. My duplicates, however, have an added value, due to the fact that they are all, with one exception, from Maris' own collection, and quite a number of them are the specimens actually figured on his plate. I think this should give them an added value. I should be very much obliged if you would let me know what prices you think proper to put on them. There are no more duplicates of the Colonial and private issues now in my collection. I enclose herewith my check for the coins for which I have not yet paid you.

I should be very glad if you could give me any information which you may have in regard to the medallions bought from Schulman in the Vierdort sale, in view of what you said to me about some of the pieces in that sale the other day. The only bronze medallions that I got which are not marked as coming from well known collections were Nos. 654, 1419 and 2588. I also secured the gold medallion of Constance 1 - No. 2718 - of which Schulman states only one other is known. I have written him asking him to find out for me from which collections these four pieces came and I should be glad if you could tell me anything about them.

I have received your last batch of coins but have not had time to look over them.

Very truly yours,

Mr. Wayte Raymond,
489 Park Ave.,
New York, N. Y.

Dear Mr. Raymond:-

If you are going to the Elder sale on the 16th to 19th, I wonder if you could buy for me, if they can be gotten at reasonable figures, the following numbers:-

No. 6 - Clark \$20. 1860 Copper
No. 7 - Clark \$20. 1860 Silver plated (I don't
want this if I can get No. 6)
No. 9 - Clark \$20. 1861

Of these three the only one I really want to complete my set is No. 6.

I should also like No. 2179 if it is the dye with the tail of the "S" above the bottom of the "U".

I expect to be in New York on the 15th and shall come in to see you either that day or the next.

The prices suggested by you for the New Jersey cents are rather disappointing, but I suppose it would be well to go ahead with them and do the best we can. I am sorry that I have not had time to look over the last consignment you sent me of Barbaric coins, but I shall do so in any event before I come to New York and bring you back those I don't want.

hope you may get over before I sail on the

following are the principal things I have
to inform you about—

I have sold quite a good many more
of your coins including nearly all the
Conn. Mass + Vt. Before I go will send you
statement and check. There will be an
amount of about \$1500 to \$2000 which will
not be in until next month but I will
make arrangements with my bank to have
remittance sent to you as soon as the
payments arrive. I sold most of the small
California stuff but had to let it go at
marked prices and still have about
75[¢] worth on hand. Would you be willing
to allow 5% on the whole then I will retain

Have you any interest in the collection of English Coins I spoke to you about? It is a most representative lot and the condition is very fine. It is such an important series that every important collection should contain a sequence of the rulers and coinages covering 1000 years. If you like I could go over this lot on my arrival in England and then advise you price and my opinion as to its desirability. There would be plenty of time then to let me hear from you.

The lots you wanted in Elder sale sold for about £12⁰⁰ each and I let them go as they are not worth any such price. ~~The~~ bar cent was your coin, I sold it to Elder.

My coins will be sold to-day and to-morrow and I am hoping for

Dear Mr. Raymond:-

I have your note of June 6th and am very much interested in what you say about the Aes Grave and other fine pieces that you are picking up.

I checked off the pieces you sent back and find, as you say in your letter, that there were several missing. One Moffet and one Morman; the California Gold Mines Counter and five Panama-Pacific small gold pieces were not there. And you also did not return the 19 New Jersey cents.

I hope it will be possible to sell the remainder of my pieces soon after your return in the Fall. I shall check them up with you as soon as you get back.

With best wishes.

Through an error my last week's mail was forwarded to Paris so do not know if there was any letter from you. I am swamped with coins but working hard to get them in shape. Will be home until Aug. 1st and would like very much to send you a package before I go away again.

Stopped at the Pacific Bank this morning and they informed me that they had sent check to you. I also find that the Moffat bar has been sold but not the Colorado 20 sol. Will have check for bar soon.

RARE COINS AND MEDALS

NUMISMATIC BOOKS

July 31, 1923

Dear Mr. Barrett

Your favor rec'd and I have sent by express to-day 31 coins as per enclosed statement. These are some of the best pieces I secured. Only a portion of the coins I bought have arrived but they all should be here by the time I return after Labor Day.

Of the coins I send, the Visigoths were a small collection, the Cyzicus stater is quite a bargain, n to 27 are from the famous find at Arras last year. The small gold piece of Syracuse is a gem and very reasonable, the London price for these coins is £100 or more and not always as good condition. Will be glad to hear what you think about the coins at your convenience but please do not return any of them to N.Y. until

Sept. 27, 1923.

Dear Mr. Barrett

I am sending the medieval
Coins by registered mail and the books
will go forward by express to-day or to-
morrow. You understand that the additional
parts of the Babylon work will follow
later. I have run over your duplicates
this morning and find that \$1000 would
just about clean up the lower priced pieces.
As I told you last evening I would be
willing to take Coins to that amount
and add them to my stock providing
you took most of the rarities from my
Greek and Roman (say about \$3500). This
would eliminate all the duplicates except
the rarer pieces.

RARE COINS AND MEDALS

NUMISMATIC BOOKS

Dec. 10, 1923.

Dear Mr. Garrett

It has occurred to me that it might save some time if you could let me know from the Brument Collection the pieces you are interested in. I think I can tell you what nearly all of them cost Mr. Brument. The first sale will include Coins up to Embora (to include Plate XII). I am expecting the sale catalogues very soon as I understand the sale will be held on Jan. 18th.

I have just secured a number of very beautiful Greek coins from the collections of the Marquis di Sionvi, Grand Duke Alexander, Col. Churchill of London. Quite a few of these I think it would be well worth your while to secure. The prices are very fair. If you like I will send them on to you

You might send me the coins you mention in your letter of the 10th and I can look at them here and bring them back to New York with me, perhaps next week when I expect to go there, except those that I may want to keep.

Dec. 13, 1923.

Dear Mr. Garrett

I am sending you by express to-day a number of Greek coins as per enclosed statements. The staters of Bosphorus are all from the collection of the Grand Duke Alexander of Russia. The gold staters are all of excessive rarity. Newell has not a single specimen in gold although he has a wonderful lot of electrum ones. No's 2 + 3 I secured last spring the others have just arrived. The opportunity to secure such a varied collection of these coins is most unusual.

The stater of Laupseus is one of the finest I have seen, being unusually sharp and perfect. Any payment for purchase of coins on this consignment may be made after Jan. 1st. in fact I would prefer it so.

Yours very truly

Wayte Raymond.

Mr. Walter Raymond,
489 Park Ave.,
New York, N.Y.

Dear Mr. Raymond:-

I have not yet received a catalogue of the Bement sale and if you could let me have one I should very much appreciate it. Have you any intention of going over there, or could you execute bids through some one in whom I could have the greatest confidence?

I have not made up my mind in regard to the last lot of coins you sent me. I shall let you know as soon as I can whether I want them or not. I shall certainly keep two or three of the Greek pieces, but as to the Bosphorus gold I am not yet sure.

I have had to go to bed with trouble in my lame leg and shall be laid up for a good many weeks. It is a thing that will straighten itself out, but I must be perfectly quiet until it does. I, therefore, shall not be able to be in New York for a long time.

With best wishes of the Season,

Sincerely yours,

Dear Mr. Garrett

I am sending you the Catalogue of the Brunt Collection. I have also made arrangements for your bids to be taken care of at the usual 5% commission. I am going away next Friday and will not return until Jan. 3rd. Think your bids should go shortly after that.

Wishing you the compliments of the season

Yours very truly

rapidly than you anticipate.

Have received two or three more books ordered for you and they will be shipped Wed. or Thursday.

I think the Bosphorus Coins are well worth having, they form an unusually large series of the gold staters, come from a good collection and are of extreme rarity.

With best wishes for a pleasant Christmas,

Yours very truly
Wayte Raymond

P.S. Will be glad to advise you in regard to any lots in Bement Sale. Where collections are mentioned can give you cost to him.
Shall I address letters in future to your residence?

Dear Mr. Raymond:-

I have gone over the Bement catalogue and have marked on the margin of the plates the numbers of the pieces that I should like particularly to have. I am sending you back the catalogue because that seems the easiest way. I should like very much if you could note your suggestions as to the value of the pieces I have marked and send the catalogue back to me, and I will let you know promptly what I want to do about it.

Very truly yours,

JWG/S

Dear Mr. Raymond:-

Thanks very much for the Bement catalogue which arrived this morning. I shall look it over and let you know which pieces I should particularly like to have.

I have decided to keep the Bosporus coins and three of the Greek ones you sent me the other day. I am returning the other four herewith.

With best wishes for a successful New Year,

Sincerely yours,

JWG/S

P.S. By the way, I noticed in your list you sent me some time ago that my Virginia shilling and Annapolis sixpence were not mentioned, as well as a few other lesser pieces that you have of mine for sale. In looking over Mr. Newcomer's collection a couple of weeks ago I noticed he did not have the Virginia shilling and wondered whether you had offered mine to him.

Dear Mr. Raymond:-

I have your letter and shall be very glad if you would come down as soon as you can, letting me know beforehand by what train and by what railroad. If you come by the Baltimore & Ohio get off at Mt. Royal Station and I will have you met there, or at Union Station of the Pennsylvania Railroad, and brought out to my house. Look for a closed car with a chauffeur in dark brown livery who will also be on the look out for you. I shall be glad to have you stay over night if that would be convenient to you.

Very truly yours,

JWG/S
